

22nd July 2016

Dear Parent/ Carers,

A joint letter from Mrs Lambert and Mr Boulton

The last year has been very successful for Broadway and The Ridge Pupils. Children at both schools have achieved well in their respective end of Key stage assessments.

Over the last twelve months we have strengthened our cross school links. We have shared our Aims and Vision and worked closely on issues of continuity and progression between the schools.

We feel strongly that although we are two separate settings, with the attendant strengths this brings in specialisation of provision in each Key stage, we are working towards the development of closer common identity as the **Broadway/Ridge Campus**.

This means we work together at many levels across the schools for the mutual benefit of all our pupils.

Excellence for all

Both schools are judged by Ofsted as Good. We hold ourselves to a high standard and are supporting each other in working towards delivering excellent provision and outcomes for our pupils. In this way both schools aim to be judged as meeting the Outstanding criteria by Ofsted at our next inspections.

Over the next academic year we will continue to plan and work together to agree on common approaches to relevant aspects of school life across the site.

We both feel that we have outstanding teaching and support staff, a supportive community and wonderful children. By working together we can produce children who are happy, confident, caring and academically and socially ready to make the most of the opportunities life will present them.

During the next year we will be asking you for your views on how we can create even stronger interschool links. Please look out for a survey in September. Your suggestions will help inform our strategic planning.

We wish you and your families a good summer.

P. Boulton

J. Lambert
